Description

A one-of-a-kind beauty, enrapturing, that steals your breath away, leaving you speechless. An extraordinary idea as the only possible pathway, to get to where you want, to explore, to go beyond. The freedom of embracing the unknown, that you know you'll love as a part of your very own story. A thought that provokes your mind and then inspires you to aim for the impossible, making mistakes, yet being brave. A magic je ne sais quoi that enchants and intrigues you, moving you to feel more and to sense uniqueness.

Raymarine video cameras x3

Hi lo system for TV in saloon (tv not included)

Smart Audio/visual package

DUAL MODE HULL DESIGN

The Dual Mode hull is a highly efficient semi-planing hull designed to reduce fuel consumption and CO2 emissions by up to 20 at medium speeds*, guaranteeing superior navigation comfort in a wider range of sea conditions. The double-chine hull, combined with the vertical bow, minimizes the impact of waves and thus offers greater freedom of navigation, cruising comfortably at low speeds for extended durations as well as at higher speeds.

*compared to vessels of the same weight and size with a traditional hard-chine hull

FEATURES

- Air conditioning
- Bow thruster
- Teak sidedecks
- Battery charger
- Depthsounder
- Stern thruster
